Summer Holidays & Summer Camp
2017
Welcome to summer camp!

We aim to offer you a wonderful, happy, exciting stay over the summer. This catalogue has a wide range of children’s summer camps to choose from. All the camps have a traditional focus, which means pleasant summer activities such as bathing and other water-based activities, games, play and sports. Some of the camps also offer a special activity.

You can find out more in this catalogue. Or go to www.stockholm.se/kollo where you can also apply online.

To ensure your child has the best stay possible in terms of care and treatment, it’s very important that the summer camp staff know about any special needs your child may have.

So please be sure to fill in the health declaration, provided by your summer camp organiser, as carefully as possible! You can also download a declaration form from www.stockholm.se/kollo

It’s already time to start planning for the summer – it comes around quicker than you think!

This year’s summer camp catalogue contains all kinds of fun, exciting summer adventures. Camp is an opportunity for experiences, knowledge and making new friends. There are many different camps to choose from, so you’re sure to find one that suits you and your children.

All the camps are traditional, which means the children and young people mostly take part in various summer activities such as bathing and other water-based activities, outings, games, play and sports. Some of the camps also have a special focus, but most of the time at camp is spent on traditional activities. Camp visits are between 7 and 14 days. To ensure your child has a successful summer camp, it’s important that you help him or her choose between the various options on offer. You know your child best, and you know what he or she needs. Important questions include: Has your child stayed away from home before? Is your child happier in smaller groups? What kind of age range should there be at the camp? If you’re not sure whether your child will enjoy being away from home, it’s best to opt for a shorter stay. The summer camp organiser will also send out a health declaration to parents. This enables you to provide summer camp staff with information about your children, to ensure they have the best possible summer camp experience. Each camp provides an outline of what they do, and it is you, the parents and children, who choose what is most suitable for you. Once you have decided on a camp and the best dates, go to www.stockholm.se/kollo and apply online. If you prefer a paper application form, one can be found in this catalogue.
You can also collect one at your city district administration or citizens’ office, or print out the PDF at www.stockholm.se/kollo. Applications must be received by Wednesday 20 March at the latest. Applicants applying after this date may instead be offered remaining places.
Who is eligible for summer camp?
Children who live and are registered in the City of Stockholm, and are in Swedish school years 1-9. We will do our best to meet requests to attend camp with a friend.

Are the children insured?
Children and young people attending camp are covered by the City of Stockholm’s accident insurance, which is provided by S:t Erik Försäkring. More information may be requested on 08-508 29 926.

Who is responsible for camp?
The District Councils are responsible for summer camp operations. They are responsible for monitoring and inspecting the quality of places.

What is the accommodation like at camp?
There are usually 4-6 children in a room. At night there is always a leader, who stays in the children’s building, who the children can turn to if they feel unwell or get homesick. At some camps there are only dry privies, please contact your camp for further information. Everyone helps with general chores such as cleaning and cooking.

What are the eating arrangements at camp?
The children are served three cooked meals a day: breakfast, lunch and dinner, along with snacks and supper. Please notify the camp as early as possible if your child has any special dietary requirements due to allergies or for religious reasons, etc.

Rules
Each camp has its own rules, such as what to do with pocket money and mobile phones. The summer camp organiser will provide information about the rules for each camp during the meetings in May.

Extra support
If you think your child may require extra support at summer camp, it is essential that you get in touch with the Contact Centre to ensure that your child has the best stay possible. The address can be found on the back of this catalogue.

Summer activities for children with disabilities
Summer camps and other summer activities for children with disabilities fall within the Swedish Act concerning Support and Service for Persons with Certain Functional Impairments (LSS), and are managed by the Social Services Department. Contact: Bengt Lundgren, phone 08-508 25 265.

Questions about applying?
Call the Contact Centre on 08-508 00 508, option 2. Address: see back of catalogue.

How much does it cost?
The City District Administration will draw a fee from the guardian through a municipal charge. The charge is set by the City Council. The table below shows the fee per child per day. Households with more than four children attending camp pay for four children only.

<table>
<thead>
<tr>
<th>Monthly household income before tax (SEK)</th>
<th>Cost/day (no. of children)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>
There is a sibling discount for siblings in the same family who attend camp. NB! If the siblings are registered at different addresses, it is important that the same custodians submit applications for all children.

Example 1:
Total monthly income SEK 18,000, 3 children for 14 days:
3 children x 60 per day x 14 days = SEK 2,520

Example 2:
Total monthly income SEK 40,000, 1 child for 10 days:
1 child x 250 per day x 10 days = SEK 2,500

Are you aware that it is possible to apply for maintenance support for the summer camp fee? The application will be examined and a decision will be made on whether maintenance support will be granted.

How to apply for summer camp!

1. DIGITAL ID
To apply online, you will need a digital ID. This can be obtained from the Swedish Tax Agency or your bank.

2. ONLINE/MOBILE APPLICATION: Contact details
Applications for summer camp can be made online from 16 February. You can also apply and accept or reject your place through your mobile. Go to www.stockholm.se/kollo and fill in your application. Applications must be received by Wednesday 20 March at the latest. After this date, only remaining places are available.

LANGUAGES
Applications may be made in 13 different languages.

HELP
There are several ways of getting help if you need it.

THE CHILD’S DETAILS
Enter the personal identity number, for example, 020304-1234. Click on Retrieve data, and the name and address details of the child will be retrieved. Only guardians can submit online applications.

INCOME
Enter your total household income per month if it is less than SEK 42,000 before tax, as you will be entitled to a fee reduction.

GUARDIAN/COHABITEE
Enter both the children’s guardians if they live together, otherwise enter the guardian who is making the application along with any cohabitee.
3. ONLINE/MOBILE APPLICATION: Choice of camps and periods
Browse through the catalogue and decide which camps you would prefer your child to attend. Remember that it’s a good idea to specify several options, as some of the camps are popular and soon get fully booked. Most children apply for camp places at the beginning and end of the summer, which means these are the hardest times to get a place.

SUMMER CAMP
Enter the camps and periods you would consider, ideally up to four different options.

SIBLINGS OR FRIENDS
To avoid any confusion, we need to know the Swedish personal identity number of any friends or siblings your child would like to go to camp with.

PAPER APPLICATIONS
If you prefer a paper application form, you can use the one accompanying this catalogue. The form must be sent to the Contact Centre (address on back of this catalogue) and must be received by 20 March at the latest. If you have applied on paper, your offer will be sent by regular post. When you receive it, complete the attached slip and return it to the Contact Centre.

/7/

4. ONLINE/MOBILE APPLICATION: Summary
Before your application is submitted, you can read a summary of the information you have provided. Check that everything is correct before proceeding.

CHECKING
Make sure all your contact details are correct, and that you have entered the right camps and periods. You can also check at this stage what it will cost.

CHANGES
You can still go back and change something in your application or cancel it altogether.

If you have any queries about your application, please contact the CONTACT CENTRE on 08-508 00 508, option 2. The address can be found on the back of this catalogue.

/8/

5. ONLINE/MOBILE APPLICATION: Confirmation
Once your application is complete you will receive immediate confirmation on the website. You will also be sent confirmation to your e-mail address.

6. OFFER
An offer will be sent to you by e-mail at some point from April onwards.
You have 8 days to accept or decline the offer.

If you accept, registration becomes binding and an invoice will be sent out to be paid within 30 days. Remember to decline if you are unable to go. Then the place can be offered to somebody else.
Cancellations after binding registration must be made in writing, and will only be accepted if your child is ill. This must be backed up by a doctor’s certificate.

7. INFORMATION FROM THE CAMP
In May, all the camps will provide children and their parents with information about their chosen summer camp. You will also be notified of the time and place for the journey to the camp. It is important to take part in the information meetings to meet staff and summer camp friends, and to have your questions answered.

8. GETTING TO CAMP!
The summer camps are responsible for getting children to and from the camp. Together with a representative or leader from the camp, the journey might, for example, be made by SL bus or coach. The summer camp organiser will provide further details about the journeys in May.

We look forward to receiving your application!

Alva
I was in drama camp in the summer of 2016, it was one of the best things I’ve done. All the new friends, you can be yourself, all the cosy evenings, swimming from the cliff, the disco nights. And of course the summer camp feeling.
I got the summer camp catalogue in my letter box and found a camp which was perfect for me. There’s something for everyone, you make friends for life and all the camp leaders are truly fantastic.
Of course I will go back to camp this year!

Eddie
I was at summer camp for one week. I lived in a wooden cottage with 5 guys. Guys and girls weren’t allowed to live together. On the first day we travelled there by bus and then when we got there we had to unpack and make our bed and put all the things in the locker, and then we ate dinner. The leaders at summer camp were really nice. Going on hikes was the most fun part. We got to walk in the forest and carry boxes with food and rucksacks with ground sheets and sleeping bags and pillows. Then we had a big tent and we went swimming.
We played a lot of football, played games, swam and had fun with all the new friends. The food was really yummy and I ate loads and took one of the recipes home with me. I want to attend again next year!

Eddie’s mother Victoria: We found information on summer camps online. Several friends have sent their children to summer camp for a long time. A friend of mine has always said to me that I need to send Eddie to summer camp, because he will really enjoy it.

Anna & Isabella

Anna: For me it was natural for Isabella to try summer camp, as both my older siblings and I have been to summer camp. I checked and the camps I went to were still running.

We went to the information meeting at Kulturhuset and I was surprised and thrilled to see that the same leaders were still working there. The best part was that they recognised and remembered me, and had saved the photos from each period. So both Isabella and I felt really secure and eager about summer camp.
My favourite part about summer camp was that you felt independent. The summer camp disco was the most fun part, but I was never brave enough to go on the ghost walk. But on the other hand Isabella has been on the ghost walk and thought it was tremendously fun.

*Isabella:* The most fun part about summer camp is doing so many different things. The disco and ghost walk are the best, and that you get to swim so much. 

I feel relaxed at summer camp. You make loads of new friends. Some of us will attend the same period so we’ll meet again.

When I’m older I also want to become a leader at summer camp. One of our leaders attended summer camp every year and then she became a leader as well. It seems really fun.

/10/

*Kalle*

When I got on the bus and saw mum and dad standing outside, I got a bit worried then. But when we reached camp and I met my summer camp friends, then I knew it was the best thing I would ever do!

*Sahra*

I have two boys and a girl who are old now, and they’ve all been to summer camps when they were younger. Many of their friends went to summer camp and I thought that it was a good idea. When the summer camp catalogue arrived, we decided to search and after that they went every summer.

My boys went to football summer camp and they really enjoyed it. When I went to see them in the first year I thought they would be sad and miss home, but instead they wondered what I was doing there.

My daughter thought that summer camp was so much fun that she even worked as a leader there for a few summers as an adult. She made friends at summer camp who she still hangs out with.

It’s good for the children to have a change of environment and make new friends. You get to hear so many great stories when they come home.

As a parent you don’t need to worry. You can always call the camp and check how things are going and at many summer camps you are also allowed to make visits on certain days. If you try on one occasion then your worries will most likely disappear.

*Emilia*

I found out about summer camp when my mom saw a commercial online. She asked me if I wanted to try for a week. It was fun. At my first summer camp we got to take care of animals and play different games.

Then I went to summer camp again. The best part about this summer camp was that we could spend time with friends, play, talk, there was a disco and we danced until our feet almost fell off. We went on a hike for two days where we grilled sausages and sat by the camp fire and told ghost stories to each other. We went on a ghost walk on another day, you could run out from the cottage if you got too scared.

Suddenly two weeks had already passed and it was time to go home. I missed summer camp a lot but was still happy about returning home.

Young Ones Camp – Barnens Ö

“This morning when we woke up, two leaders came in dressed as a rabbit and a mushroom, they sang all kinds of crazy songs and then the funny rabbit gave us a biscuit. Today we’re having a story day!”

Bergängen is the camp for the youngest children, giving them their first experience of camp for a few days. It is ideal for younger siblings who have only heard about all the fun that goes on at summer camp. All the children have a sponsor at camp, and all the staff are educationalists with previous experience of working with young children.

At Bergängen the days are filled with delightful summer activities like playing in the water on our own little beach, crafts, forest outings, a movie night and much more. At last, the younger ones too can experience camp at Barnens Ö!

Young Ones Camp – Barnens Ö

**The children wake up to a Wild Kids day on Björkbacken!** We meet different animals in the jungle, have “buddy competitions” and help to look for the treasure. During the evening we take our blankets and pillows, and gather for a cozy end to the evening with songs and bedtime stories.

Björkbacken gives the youngest children their first experience of camp for a few days. Perhaps the younger siblings have only heard about all the fun that goes on at Barnens Ö from their older siblings. Djuprämmen

Water Camp, young people

Come along to Djuprämmen, the summer camp for young people that’s full of great action-packed activities. Djuprämmen Water Camp is on a large mirror-like lake. We ride on rubber doughnuts and banana boats pulled along by a jet-ski, go canoeing, do a high-altitude assault course, build rafts and dive from our water trampoline. Obviously there’s also time to relax in the sun and chill in the hammocks. How about a spa in the lake sauna, DJ school/music studio, a football tournament, hunger games, CTF, Gladiators, disco, mischief, water fights and much more? You get to help decide. Together we create a great summer full of exciting experiences, new friends, good memories and lots of laughter!

One young guest says:

“A friend asked me what it’s like at Djuprämmen. I said come along next year, you have to be there to find out for yourself. We’ve had the best summer of our lives.”

The curtain’s soon going up, the murmuring can be heard from an expectant audience of friends and family in our big theatre tent. At last, it’s time for the premiere of our performance which we have rehearsed for several days.

Now is the time, the stage is ours – it’s show time!

Welcome to Granbo Drama Camp! Have you perhaps been on stage before, or are you just curious? Everybody is equally welcome here at Granbo. Together we build our performance with colourful characters, we sing, dance and farce around. But we don’t forget to eat ice-cream on the beach, put on the coolest disco ever and everything else you love to do with your new friends during the summer.

Professional and experienced actors, dancers, musicians and educationalists with experience of different youth projects work at Granbo.
See you in the summer!

Watch out for the Calf! The Calf has started the world’s biggest water fight and together you need to outwit him. The Bull is there to help you, she’s got a lot of exciting tips. But who are our friends and who are our enemies? And how can you trick the Calf to go down to the beach? May the best water thrower win, let’s go!

Welcome to Granliden, our happy, popular summer camp that’s full of vibrancy, activities and fun antics. Here you’ll spend some wonderful summer days, make loads of new friends and enjoy amazing experiences. We combine exciting games such as gold rushes and Gladiators, with calmer activities such as crafts and barbecues.

We go on an outing and then sleep under the stars or in tents, eat barbecued bananas with chocolate, grill sausages and go fishing. Needless to say we also have a disco and a ghost night for those who dare.

Lights! Camera! Action!

“I’ve got a crazy idea! Let’s make an action movie!”
“I want to make a horror film out in the woods!”
“Romantic drama!”

Here at Granvik you can learn about making real movies. You get to film with a video camera, work on scripts, direct and edit. Or do you prefer to act? You can of course also play a role in your own movie. On the last evening it’s time for the big film festival, where we eat a gala dinner and have a disco.

We use DV cameras and edit in iMovie, which means we can do sound work, graphic processing and other effects. No previous experience required. Making a movie should be fun – and it is at Granvik!

And when we’re not making movies we swim off our lovely jetty, go on outings, canoe and get up to all kinds of other summer activities and adventures. See you in the summer!

Stage – Barnens Ö

More spray, I want my hair pointing straight up!

Green lips, worn-out sweater and bright blue trousers. We’ve spent all day getting make up done, teasing our hair and preparing costumes. This afternoon we’re putting on the grand premiere of our own performance. We’ve been rehearsing for several days and now it’s finally time. Granö Gård’s actors are raring to go, it’s time to put on a show!

Camp at Granö Gård means dancing, singing, shows and much more. One of the best things about summer is the long days, so we have plenty of time to go in the water, have discos, do crafts and all the other fun stuff that summer is all about.

The leaders at Granö Gård are experienced drama, dance and music educationalists with a good background in running projects for children and young people. We look forward to seeing you – the stage is yours!

The sea, wind, sun and moon rule at Stiftelsen Birkagården’s Ivarsudde camp!

With the sea on its doorstep, bathing, sailing, canoe tours and fishing are among the daily activities. After a day of water fights or catch the flag in the forest, we warm up in our wood-fired sauna before it’s time for an evening sandwich.

Expect crazy, cosy and exciting ideas from “Ivars” experienced camp leaders!

Disco, Gladiators, Regatta and “Prisoners at Ivars” are some of our activities. At Ivarsudde cake-baking competitions, table tennis tournaments and spa days could also be on the programme. In each period we take our large lifeboat to the outskirts of the archipelago to have an outing under the stars. You may even discover a ghost or two in the woods before the end of the period… Prepare yourself for new friends and wonderful experiences at Ivarsudde!

Lindängen

Barnens Ö

“Walking a tightrope over the water?! And falling in?! Yes!”

There’s a lively game of charades in the Craft Centre at Lindängen, the children are excited and guessing wildly. Meanwhile someone’s on the ropeway in the tree above, on their way to the newly built tree house.

A group of people are sitting under the oak tree telling ghost stories. It will soon be time to gather together. A lovely morning at Lindängen.

Two weeks never feel as eventful as they do here at Lindängen. Lindängen camp offers all kinds of activities, where you can try most of what summer camp has to offer. Canoeing, a disco, doing circus tricks, cooking, visiting the Klondike gold rush, doing some drama, playing adventure games, dressing up, monster trails and water fights – what will you choose?

At Lindängen you’ll make new friends and meet adults who love camp. Together we’ll make ourselves a wonderful summer!

Parkudden

Barnens Ö

Finally camp life!

A lot of crazy things are always happening at Parkudden. Yesterday was “backward day,” then we had breakfast for dinner and the leaders walked backward almost all day! One leader even spoke backwards, and it was really hard to copy the leader.

Today is “colour-run-special” and every child has a different task: Who dares to take on Miss Green in the cake throwing competition? Who will be the first to find the colour balloons which Miss Pink has lost? Tonight we will dance in a disco with neon colours and we will listen to the year’s summer hits over and over again! We will take an evening dip in the sea before going to bed.

If you like adventures, action-packed activities and fresh air, then Parkudden is the perfect camp for you! We actually love to play, have water fights and all kinds of mischief. Have you filled your water balloons? See you in the summer!

Rånö Sailing Camp

At Rånö the days are filled with sailing, sun, bathing, games and sports. We have everything a regular summer camp can offer, but our main speciality is sailing. Whether you’re a beginner or an experienced steersman, it doesn’t matter, everyone’s welcome!

You get to sail dinghies and large boats, and try windsurfing. You must be able to swim at least 100 m in order to apply.

Are you coming on your own or with your best friend? After a couple of days you’ll know everyone anyway.

“At Rånö you feel a spirit of community with all the other children, and with all the leaders, the sense of togetherness is incredible.”

At Rånö we have a calm, happy atmosphere. You get to make new friends, and when you go home you’ll be able to sail! A skill you’ll have for the rest of your life! We look forward to receiving your application. See you at Rånö!

Small cargo boat sailing

**Full sail ahead on the ship S/Y Ellen!**

Together with new friends, you’ll get to experience nature and its forces on a sailing vessel. We sail where the wind takes us in Stockholm’s amazing archipelago. We go ashore where you can go in the water, jump from the bow, climb the rigging and much more.

You can have a go at putting up and taking in sails, being lookout, steering, and all kinds of other things that are a part of life at sea. Games, adventures and cosy evening barbecues at sunset – this could be your summer!

Whether you’re an experienced sailor or a beginner, you’re welcome here.

If you are experienced we recommend period 5, when you’ll also get to sail on open water, where all you can see is the horizon.

You must be able to swim 200 metres to sail on the S/Y Ellen.

See you aboard this summer!

Small cargo boat sailing

**Don’t miss the summer’s sailing adventure!**

Welcome aboard our small cargo boats which sail where the wind takes us.

Everyone will learn to sail and those who want can help to steer, navigate and tie knots. When we are not sailing we are busy exploring one of the archipelago’s islands. Perhaps it will have a lighthouse, a sheep-pen, blueberry bushes or a football field? We come up with loads of fun summer activities and have water fights, go bathing, play pentathlon, go on ghost walks and party in discos. You can also climb in the rigging, jump from the bow, go rowing in the bay with a friend. Towards the end of the summer camp sometimes we sail for an entire night. You must be able to swim at least 200 m.

The ship Shamrock will be a part of periods 1 and 2.

Small groups in which leaders and children live together ensure a safe family atmosphere.

Summer holidays don’t get better than this. As the late summer evening falls we pull on a warm sweater, wander down to the jetty and hang out till the sun goes down. Some of the others are on the gym mat chilling, blankets are laid out on the meadow and the stereo pumps out music among the oaks on ‘Starris Plaza.’ What are they talking about? Perhaps about love, about what really happened on the outing to Likholmen, or how to have a proper water fight.

Welcome to a summer camp for teenagers! Here at Starrbäcken we give you the most and the best of summer. We hang out on the beach, play football, go on excursions, play music in reception, relax on the meadow, have barbecues, go on outings, meet new friends and do everything else that’s part of a summer camp. Together we create two pleasant, unforgettable summer weeks!

Storgården

Barnens

Time to wake up! And who will say good morning? Yesterday we were woken up by a Lucia procession with Lucia buns, today it was a fairy who whispered that the elf has taken all the gold and hidden it! All camp children at Storgården can help her to get the gold back from the elf forest. But first we will have breakfast in the summer sun.

After the gold hunt we will go bathing in our lovely bathing bay. The cook is grilling food and we eat lunch by the beach. As the evening approaches we sit around the fire and tell exciting stories. I wonder who will wake up the children tomorrow? Perhaps the cookie monster?

At Storgården we love camp and believe that a good summer camp includes hiking tours, night hunts and big games full of action. Together we will plan the summer’s best days and look forward to making them unforgettable with you!

Are you reeeaaady for action?! Strand’s DJs are winding up and some are getting ready for their performances in the evening. The light from the disco ball makes funny patterns on the walls and ceiling, in all kinds of colours. It’s finally time for the grand disco!

At Strand there’s loads of action and mischief guaranteed! You can experience a real camp with all the fun, crazy things that summer’s all about: water activities, canoeing, carpentry, music, fishing, dancing, poi juggling, gold rush and ghost walks! If you feel like taking it easier there are other great activities like reading or baking.

The staff at Strand are experienced leaders who place great emphasis on making sure the children come to the fore, and they work actively with the mentors who make it easy for everyone to feel part of the team.

How many eggs will the hens give us today? A little rabbit sticks his curious head out and sniffs the dandelion leaf, and suddenly five more come along and want a taste as well. The goats are bleating in their enclosure and want more twigs from the trees while the piglets are mucking about in the mud. This morning on our animal rounds the hens had left us five eggs, which means we can bake a sponge cake later in the day.

Stugorna is the camp for anyone who wants to find out more about animals and nature, but also play and be in the water. The days are filled with crafting, laughter, ninja games, magician’s games and loads of other exciting activities.

Sometimes we go on excursions with binoculars and nets to the sea, where we look for birds and seals, and collect small sea creatures and insects for our terrarium. Needless to say we also have a disco, and a ghost walk for those who dare.

See you in the summer!

Synsholmen

Warning! Do not come to this camp if you want a prohibition on swimming, boring leaders, disgusting food, ugly landscapes, lifeless games and a drab disco.

But if you want the complete opposite – then Synsholmen is perfect for you! Fly around in our UFO (an 8 meter trampoline on water) and relax on the beach or the floating sauna. Book Lillstugan and sleep there with your camp buddies. At Synsholmen you will enjoy action-packed games, a wonderful holiday and freshly baked bread! :)

The parents say;
“My daughter has been to summer camp since she was 8, now she’s almost 13. I’ve never seen her as happy and enthusiastic as she is after her stay at the Synsholmen summer camp.”

“I was really impressed by the staff’s great dedication, happiness, humour, affection and that it seems to be an unconventional summer camp where traditions have still been preserved.

Synsholmen is also an ideal choice as a first summer camp.”

Location
An island in the beautiful St. Anna archipelago, with sea views and close to its own bathing and fishing. Sometimes there are furry animals at the camp too!
It's morning at Sörängen, and after a lovely breakfast everyone is raring to go. This morning we were woken up by a colossal circus in our room! A clown was juggling and a ballerina threw candy for candy rain. Today we will hang out on the beach with twist!

We will swim by our beach, paddle and eat lunch by the water. I wonder what “twist” means. Maybe some funky character will turn up in a canoe.

Harry Potter?

For us at Sörängen summer camp is about a sense of community and we put a lot of emphasis on this. We are a traditional camp where we do all the things associated with a summer camp. We play camp games, swim, have a disco, go on ghost walks and are involved in all activities which ensure that the summer is an unforgettable experience for the children.

Wow! Don’t miss this chance for a summer at a camp on its own peninsula, with loads of new friends. You can sunbathe on the jetty, jump into the water, dive from the water trampoline or take a friend for a ride on the doughnut, being pulled along by a jet-ski. Obviously we also have activities like a football tournament, canoeing, raft building, talent show, fishing, CTF, volleyball, sleeping outdoors, singing round the campfire and eating barbecued bananas with chocolate, crafting, disco and crazy competitions, dressing up, trampolining and all kinds of mischief.

One child writes:

“I can’t describe my summer in words. I had tremendous fun and I’ll miss everyone.”

You have a say in what happens, so that together we can make the summer the best ever. Are you ready for adventure? Us leaders are already longing for the summer at Udden Water Camp!

Uddis
Barnens ö

Uddis is bustling with colourful antics! Today some kids are playing drums on the farm, some are fishing by the jetty and others are learning a guitar riff. In the evening there will be a dance show which we have created, it will be so much fun!

At Uddis you get to be a part of deciding the activities you want to do. Space day, funfair, pride parade, magical treasure hunt, eagle safari or face painting?

We have a lot of instruments and camp leaders who are passionate musicians. You can try singing in a Disney choir, writing songs, building a samba orchestra or playing in a band. You do not need any prior experience of music, at Uddis you will have the opportunity to learn.

Every period ends with a grand festival in which we make everything from bracelets to squash tents and we prepare all the performances ourselves.

Welcome to the summer paradise Uddis!

At Östergården teenage camp you can do everything from relaxing on the beach, fixing food outdoors in our giant wok, listening to music, organising a music quiz or learning to paddle Stand-Up-Paddle. Just like our leaders, do you also think that water fights are great fun, or perhaps you feel like being a DJ during the next evening get-together?

At Östergården we like hanging out, outings (where we sleep under the stars or in a tent in the woods), movie nights, disco and everything else that makes camp so special.

Sometimes we relax by the jetty during sunset with lots of blankets.

What can be better than spending two weeks with your old and new friends in the archipelago? Come and talk to us about life, laugh and experience the best days of summer. It doesn’t get better than this. See you in the summer!
